 Baton Rouge, LA

ABOUT ME

Computer Science Graduate based in Baton Rouge, Louisiana, with a strong passion for technology and software development. Member of Kappa Alpha Psi Fraternity, Inc., demonstrating a commitment to leadership, service, and community involvement. Eagle Scout with proven leadership, discipline, and problem-solving skills. Served as the lead of a collegiate coding team, guiding the team to a top 7 finish out of 30+ schools in the HBCU Battle of the Brains competition. Experience in freelance web development, creating websites for small and large businesses, nonprofit organizations, and personal portfolios. Skilled in web development and machine learning projects, with a hands-on background in understanding computer systems. Demonstrates a strong work ethic, adaptability, and a continuous drive to learn and apply emerging technologies.
